

Kristen D Sherlock

I'm Kristen Sherlock, a longtime Farmington resident, mom of four, and community advocate who loves this city. I'm running for Farmington City Council because I want to preserve what makes Farmington special while preparing thoughtfully for the future. As a member of the Farmington City Planning Commission, I've worked to ensure responsible growth that protects our neighborhoods, supports local businesses, and makes it possible for future generations to afford homes here.

In 2023, I co-chaired the Farmington Bay Stake Float Committee and helped the team earn the coveted Theme Award for our float in the Days of '47 Pioneer Day Parade. In

2024, I hosted the Davis County Community Spotlight podcast, with the help of the students of the Davis School District's Catalyst Center, to showcase our small business owners, nonprofits, and authors, highlighting and supporting their work. I currently serve on the Davis County Youth Hockey Association Board of Directors to provide a competitive developmental hockey program that can compete regionally and nationally.

Farmington is an incredible place to live, and I'm committed to keeping it that way. With your support, I'll work to preserve our small-town feel while preparing for smart, responsible growth. Together, we can create a future where our families, businesses, and neighborhoods continue to thrive.
